

System requirements for Autodesk BIM 360

Supported Browsers

Important: 64-bit browsers are recommended for optimal viewing experience.

Browsers	Version Supported
Chrome	Latest
Firefox	Latest
Safari	Latest
Edge	Latest
Internet Explorer	11

Supported Devices

Devices	Version Supported
iPhone	5S+
iPad	Air, Pro, Mini 2 and above models
Android	Only devices that support WebGL. WebGL is supported on most Android devices running Android 5.0 (Lollipop) or later. However, technical issues such as known hardware problems or lack of required GPU features may prevent WebGL from running in some cases. On certain devices this can be resolved by upgrading to the latest official Android version available for your device.
PC/Mac	Minimal hardware requirements are not defined due to being browser based service

Operating Systems

Desktop Operating System	Version Supported
MS Windows	Any Windows Environment (10, 7, etc) version is supported by above supported browsers
.Net Versions	Not required

Mobile Operating System	Version Supported
iOS	12+
Android OS	5.0 (Lollipop)+

BIM 360 Design	Revit Version Support
BIM 360 Team	2015 to 2018.3
BIM 360 Document Management and Design Collaboration modules	2018.3 to Current
